### **SPD to Donate Bicycles to Local Kids**

During the past year, several lost or stolen bicycles have been recovered by the Somerset Police Department and a drawing will take place to donate them to local kids.

Parents can come to the police department during regular business hours and complete an entry form beginning Monday, June 16, 2008. The drawing will take place on July 1<sup>st</sup>.

Along with the bike, the winners will receive a free helmet and will attend a bicycle safety course conducted by the SPD Bike Patrol Unit.

The new owners of the bicycles will also complete a bicycle registration form that will assist in case the bicycle is lost or stolen. The registration form helps officers match the serial number and description of the bikes with its rightful owner in the same way stolen vehicles are matched.

The bicycle registration forms will be available to all residents of the community at the police department and will be kept on file there. SPD employees can take a photograph of the bicycle if owners aren't able to provide one.

The Somerset Police Department would like to thank Pulaski District Judges Katie Wood and Jeffrey Scott Lawless for their assistance in allowing the property to be donated to local kids.
